

Email re Learning Resources for Students

Saturday 2nd January 2021

Dear Parent / Carer,

Happy New Year to you and your family.

I just wanted to remind you of how to access lesson resources for work from the 4th January: students and parents/carers first port of call will be Google Classroom and Go4schools.

Google Classroom: Students should already be using their Holbrook Academy email to log in and access this platform. Teachers will use this platform to upload resources, links and videos where necessary. Students can also use this to submit their work, either as a word document or as a photo of handwritten work. If your child has forgotten their Google Account password or email address, please contact me and I will be able to direct your query to the relevant member of staff - robert.lay@holbrookacademy.org.

Go4Schools: Homework is set using this platform but we will also be using it to remind students of what they are expected to be doing each day and how to access resources, again please contact me if you or your child is unable to access this platform. However, please follow the on-screen instructions to perform a password reset as this will usually work in the first instance.

Please do contact me if you have any concerns or queries regarding the use of these learning tools.

Kind regards,

Mr Lay
Assistant Headteacher
