

Holbrook Academy

Child Protection and Safeguarding Policy

| | |
|----------------------|--|
| Date Approved | 13th July 2021 |
| Signed | Louise Cullen Chair of Governors |
| Minuted | WGB Meeting 13 th July 2021 |

This policy takes account of the Academy's public sector equality duty set out in section 149 of the Equality Act 2010. It can be made available in large print or other accessible format if required. It applies wherever staff or volunteers are working with students even where this is away from the Academy, for example at an activity centre or on an educational visit.

1. Purpose and Aims

The purpose of Holbrook Academy's Child Protection and Safeguarding policy is to provide a secure framework for the school in safeguarding and promoting those students who attend our school. The policy aims to ensure that:

- ◆ All our students are safe and protected from harm.
- ◆ Effective provisions and policies are in place to enable students to feel safe and adopt safe practices;
- ◆ Staff, students, governors, visitors, volunteers and parents are aware of the expected behaviours and understand the school's legal responsibilities in relation to safeguarding and promoting the welfare of all of our students.
- ◆ Understand adults work in a position of trust within the school.

2. Ethos

Safeguarding in Holbrook Academy is considered everyone's responsibility and as such our school aims to create the safest environment within which every student has the opportunity to achieve their Five Outcomes. Holbrook Academy recognises the contribution it can make in ensuring that all students registered or who use our school feel that they will be listened to and appropriate action taken. We will do this by endeavouring to work in partnership with other agencies and seek to establish effective working relationships with parents, carers and other colleagues to develop and provide activities and opportunities throughout our curriculum that will help to equip our children with the skills they need. This will include materials and learning experiences that will encourage our children to develop essential life skills and protective behaviours. They will be able to recognise unsafe or inappropriate situations and be able to respond to safeguard themselves and others. Students at our school will be able to talk freely to any member of staff or regular visitor to the school if they are worried or concerned about something. We have the following in place:

- Trained counsellor (4YP)
- Behaviour management scheme
- Assemblies
- Tutors
- PSHE weekly lessons
- Daily tutorials
- School nurse
- Tutors
- Fully trained ELSAs (3 personnel)
- Attendance/Family liaison officer
- Key Workers assigned
- Contact with Young Carers to offer support.
- Prefects and Year 11 mentors offering support within the school community
- Anti-bullying ambassadors.

3. Introduction

The governing body recognises the need to ensure that it complies with its duties under legislation and this policy has regard to statutory guidance, Keeping Children Safe in Education (KCSiE), Working Together to Safeguard Children and locally agreed inter-agency procedures put in place by Suffolk Safeguarding Children Board.

This policy will be reviewed annually, as a minimum, and will be made available publicly via the Academy website or on request.

Safeguarding and promoting the welfare of children is defined as: protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

This policy is for all staff, parents, governors, volunteers and the wider school community. It forms part of the child protection and safeguarding arrangements for our school and is one of a suite of policies and procedures which encompass the safeguarding responsibilities of the school including the Code of Conduct/Staff Behaviour Policy, Acceptable Use Policy, Safer Recruitment Policy, Behaviour Policy, E-Safety Policy and Anti-Bullying Policy.

The aims of this policy are to:

- Provide staff with a framework to promote and safeguard the wellbeing of children and young people and ensure that they understand and meet their statutory responsibilities;
- Ensure consistent good practice across the school.

The governing body expects that all staff will know and understand this child protection and safeguarding policy and their responsibility to implement it. Staff must, as a minimum, have read and understand [Part One of KCSiE](#). Governors will ensure that they have read and understand [Parts One and Two of KCSiE](#).

The governing body/proprietor will ensure that arrangements are in place for all staff members to receive appropriate safeguarding and child protection training which is regularly updated.

Compliance with the policy will be monitored by the Headteacher, Designated Safeguarding Lead (DSL) and named safeguarding governor:-

Equality Statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities (see section 9)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after (see section 11)

Statutory Framework

This policy is based on the Department for Education's statutory guidance [Keeping Children Safe in Education \(2020\)](#) and [Working Together to Safeguard Children \(2018\)](#), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

This policy is also based on the following legislation:

- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

4. Responsibilities and Expectations

Holbrook Academy has a Governing body whose legal responsibility it is to make sure that the school has an effective safeguarding policy and procedures in place and monitors that the school complies with them. The Governing body should also ensure that the policy is made available to parents and carers if requested. It is also the responsibility of the Governing body to ensure that all staff and volunteers are properly vetted to make sure they are safe to work with the students who attend our school and that the school has procedures for handling allegations of abuse made against members of staff (including the Headteacher) and volunteers). The Governing body will ensure that there is a Named Governor and a Designated Safeguarding Lead (DSL) who has lead responsibility for dealing with all safeguarding issues in our school.

| | |
|--|--|
| Designated Safeguarding Leads | Mr George Anstee-Parry |
| Alternate Designated Safeguarding Lead <i>(These members of staff can also be contacted with any safeguarding concerns).</i> | Miss S Crabtree Ms S Keinzley Mrs M Jackson Mrs S Sheppard |
| Named Safeguarding Governor | Mrs Helen Caston |
| Contact Details | Tel: 01473 328317 Email: office@holbrookacademy.org |

| Local authority designated officer (LADO) | LADO@suffolk.gov.uk / 0300 123 2044 |
| Channel helpline | 020 7340 7264 |

Designated Safeguarding Lead (DSL)

The DSL should take lead responsibility for safeguarding and child protection (including online safety, working together with the e-safety lead). This should be explicit in the role-holder's job description. (The broad areas of responsibility and activities related to the role of the DSL are set out in Annex B of KCSiE).

The DSL will have the appropriate status and authority to carry out the duties of the post.

The DSL and any alternate DSLs should liaise with the local authority and work with other agencies in line with Working Together to Safeguard Children.

During term time, the DSL and/or an alternate should always be available during school hours for staff to discuss any safeguarding concerns. The DSL will make arrangements for adequate and appropriate cover arrangements for any out of hours/out of term time activities.

The DSL will undergo training to provide them with the knowledge and skills to carry out the role. This training will be updated every two years.

Headteacher

The Headteacher will ensure that the policies and procedures adopted by the governing body are fully implemented and that sufficient resources and time are allocated to enable staff members to discharge their safeguarding responsibilities.

All staff

All staff have a responsibility to provide a safe environment in which children can learn. All staff must read and ensure they understand Part One of KCSiE and signed a declaration to confirm this. This will then be returned to the DSL to be logged.

All staff must ensure they are familiar with the systems within school which support safeguarding, including the safeguarding and child protection policy, the code of conduct/staff behaviour policy, the safeguarding response to children who go missing from education, and the role of the DSL (including the identity of the DSL and any deputies). This will be ensured by annual training and half termly updates.

All staff should be aware of the types of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection.

All staff should know what to do if a child tells them he/she is being abused or neglected. All staff should be aware of the process for making referrals to children's social care and for statutory assessments under the Children Act 1989 that may follow a referral, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) along with the role they might be expected to play in such assessments.

All staff should be aware of the early help process and understand their role within it by being able to identify students who would benefit from intervention. This includes providing support as soon as a problem emerges, liaising with the DSL, and sharing information with other professionals in order to support early identification and assessment, focusing on providing interventions to avoid escalation of worries and needs. In some cases, staff may be asked to act as the lead professional in undertaking an early help assessment.

Any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs
- has special educational needs (whether or not they have a statutory education, health and care plan
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- is frequently missing/goes missing from care or from home
- is misusing drugs or alcohol themselves
- is at risk of modern slavery, trafficking or exploitation
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse
- has returned home to their family from care

- is showing early signs of abuse and/or neglect
- is at risk of being radicalised or exploited
- is a privately fostered child

Knowing what to look out for is vital to the early identification of abuse and neglect. If staff are unsure, they should always speak to the DSL (or deputy). If in exceptional circumstances the DSL (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the senior leadership team and/or take advice from children's social care. In these circumstances, any action taken should be shared with the DSL as soon as is practically possible.

It is the responsibility of the DSL to ensure that all safeguarding issues raised in school are effectively responded to, recorded and referred to the appropriate agency. He/she is also responsible for arranging whole school safeguarding training for all staff and volunteers who work with children and young people in our school. The DSL has a role in ensuring that the whole school safeguarding training takes place. Holbrook Academy implements an annual training schedule for staff on the PD Day in September, an example of which is included as Annex A. The DSL can deliver this within the school provided they are linked in to the support and quality assurance process offered by the Local Authority. This includes mandatory attendance at the two-part bi-annual programme of DSL Training and Multi Agency Working Together and receiving monitoring visits from the Professional Adviser or Local Authority delegated staff. The DSL is required to attend or ensure that a senior member of staff who has the relevant training and access to appropriate supervision, attends where appropriate, all conferences, core groups or meetings where it concerns a child at our school and to contribute to multi-agency discussions to safeguard and promote the child's welfare.

The DSL is also required to complete a Self-Review Assessment Report annually which demonstrates that the Safeguarding arrangements in the school are being met. If the self-assessment highlights any areas for improvement, this will be detailed in the action plan which will be signed off and monitored by the Named Governor for Safeguarding to ensure these improvements are implemented. The self-review is to be shared with the Local Authority, who will have an auditing role in ensuring the school is meeting its Safeguarding requirements under sec 175/157 of the Education Act 2002 for both maintained and independent schools.

All Child Protection concerns need to be acted on **immediately**. If school staff are concerned that a child may be at risk or is actually suffering abuse, they should tell the Senior Designated Person immediately. All members of this school community can refer to Customer First with concerns.

All Adults, including the DSL, have a duty to refer all known or suspected cases of abuse to Children's Social Care or the Police. Where a disclosure is made to a visiting staff member from a different agency, eg School Nurse, it is the responsibility of that agency staff to formally report the referral to the School's Designated Person in the first instance. Where the disclosure is made by a child attending a Pupil Referral Unit (PRU) or alternative provision, the referral should be recorded and referred to the On-Site Senior Designated Person and a formal notification made to the school's DSL where the child is on role for

information or appropriate action to be taken. Any records made should be kept securely on the child's main school/child protection file. Safeguarding files are stored separately.

The Safeguarding Referral Protocol is shown at Appendix C.

5. Recognising Concerns, Signs and Indicators of Abuse

Safeguarding is not just about protecting children from deliberate harm. For our school it includes such things as student safety, bullying, racist abuse and harassment, educational visits, intimate care, children missing education and internet safety etc. The witnessing of abuse can have a damaging effect on those who are party to it, as well as the child subjected to the actual abuse, and in itself will have a significant impact on the health and emotional well-being of the child. Abuse can take place in any family, institution or community setting, by telephone or on the internet. Abuse can often be difficult to recognize as children may behave differently or seem unhappy for many reasons, as they move through the stages of childhood or their family circumstances change. However, it is important to know the indicators of abuse and to be alert to the need to consult further.

Abuse is defined as a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or another child or children.

The following indicators listed under the categories of abuse are not an exhaustive list.

5.1 Physical Abuse

This can involve hitting, shaking, throwing, poisoning, punching, kicking, scalding, burning, drowning and suffocating. It can also result when a parent or carer deliberately causes the ill health of a child in order to seek attention through fabricated or induced illness. This was previously known as Munchhausen's Syndrome by Proxy.

5.2 Emotional Abuse

Emotional Abuse is where a child's need for love, security, recognition and praise is not met. It may involve seeing or hearing the ill-treatment of someone else such as in Domestic Violence or Domestic Abuse. A parent, carer or authority figure is considered emotionally abusive when they are consistently hostile, rejecting, threatening or undermining toward a child or other family member. It can also occur when children are prevented from having social contact with others or if inappropriate expectations are placed upon them. Symptoms that indicate emotional abuse include:

- ◆ Excessively clingy or attention seeking.
- ◆ Very low self-esteem or excessive self-criticism.
- ◆ Withdrawn behavior or fearfulness.
- ◆ Lack of appropriate boundaries with strangers; too eager to please.
- ◆ Eating disorders or self-harm

5.3 Sexual Abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening. This may include physical contact both penetrative and non-penetrative, or viewing pornographic material including through the use of the internet. Indicators of sexual abuse include: allegations or disclosures, genital soreness, injuries or disclosure, sexually transmitted diseases, inappropriate sexualized behaviour including words, play or drawing. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education (See section 7: Specific safeguarding issues and Appendix A and E)

5.4 Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs which can significantly harm their health and development. Neglect can include inadequate supervision (being left alone for long periods of time), lack of stimulation, social contact or education, lack of appropriate food, shelter, appropriate clothing for conditions and medical attention and treatment when necessary.

5.5 Peer on Peer Abuse

Allegations of abuse made against other students

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.

We also recognise the gendered nature of peer-on-peer abuse. However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of students hurting other students will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put students in the school at risk
- Is violent
- Involves students being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, up-skirting or sexually inappropriate pictures or videos (including sexting)

If a student makes an allegation of abuse against another student:

- You must record the allegation via MyConcern and tell the DSL, but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed

- The DSL will contact the children and adolescent mental health services (CAMHS) or other suitable support agencies, if appropriate.

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate students about appropriate behaviour and consent
- Ensuring students know they can talk to staff confidentially
- Ensuring staff are trained to understand that a student harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

5.6 Sexting

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as ‘youth produced sexual imagery’), you must report it to the DSL immediately.

You must **not**:

- View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL
- Delete the imagery or ask the student to delete it
- Ask the student(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL’s responsibility)
- Share information about the incident with other members of staff, the student(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident and reassure the student(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to student(s)
- If a referral needs to be made to the police and/or children’s social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the students involved which would influence risk assessment

- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the students involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any student in the imagery is under 13
- The DSL has reason to believe a student is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the Headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.

They will hold interviews with the students involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a student has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents/carers

The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done using the normal channels.

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording incidents of sexting.

Curriculum coverage

Students are taught about the issues surrounding sexting as part of our PSHE education and computing programmes. Teaching covers the following in relation to sexting:

- What it is
- How it is most likely to be encountered

- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive
- Issues of legality
- The risk of damage to people's feelings and reputation

Students also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on sexting is also shared with students so they are aware of the processes the school will follow in the event of an incident.

5.7 FGM has taken place or a student is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a student has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **student under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **student under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a student is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine students.

Any member of staff who suspects a student is *at risk* of FGM or suspects that FGM has been carried out must speak to the DSL and follow our local safeguarding procedures.

See Appendix A.

5.8 Concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

5.9 If you have a mental health concern

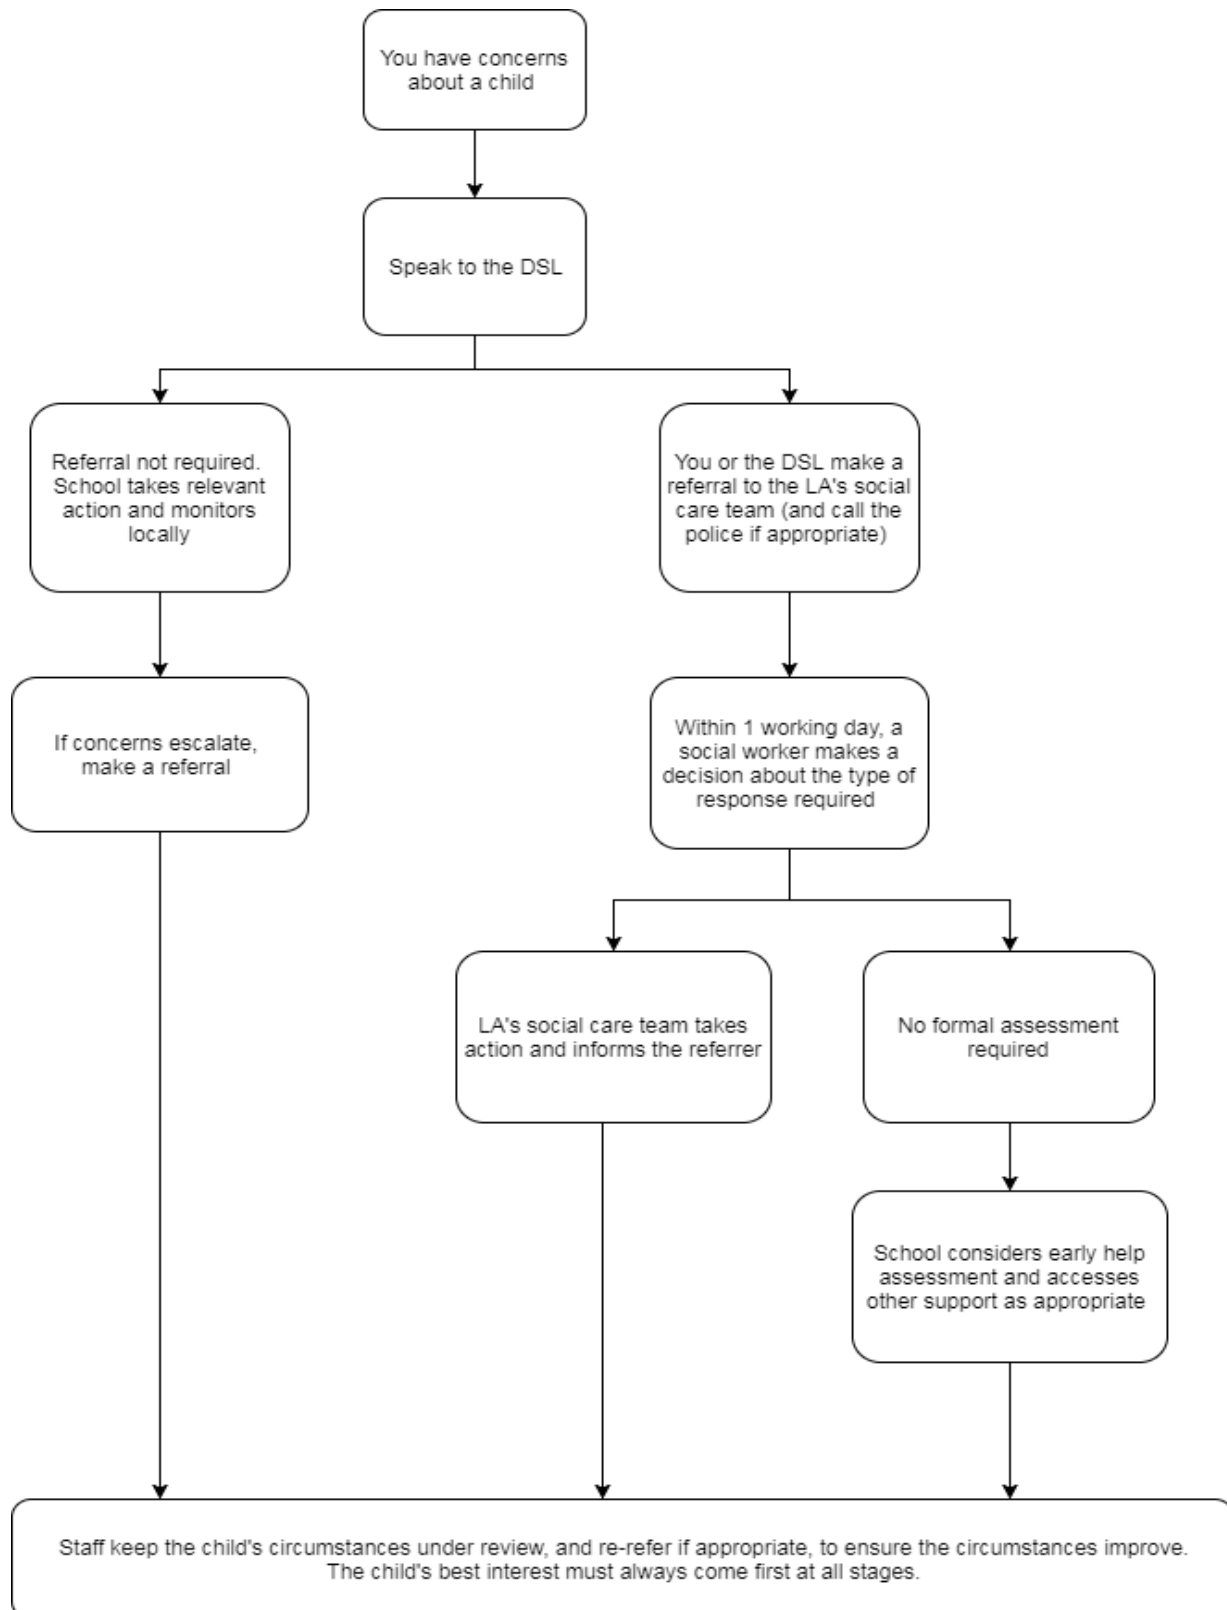

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps in section 7.4.

If you have a mental health concern that is **not** also a safeguarding concern, speak to the DSL and log the key issues on MyConcern. An agreed course of action can then be implemented.

Figure 1: procedure if you have concerns about a child’s welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)
 (Note – if the DSL is unavailable, this should not delay action. See section 7.4 for what to do.)

Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school. All staff, especially the DSL (or deputy), should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding. Assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. It is important that staff provide as much information as possible as part of the referral process. Additional information regarding contextual safeguarding can be found here: [Contextual Safeguarding](#)

Further information about specific forms of abuse and safeguarding issues can be found in Appendix A. All staff should familiarise themselves with this as part of the KCSiE.

6. Curriculum

The governing body will ensure that children and young people are taught about safeguarding, including online safety, through teaching and learning opportunities as part of a broad and balanced curriculum. This is in order to help children stay safe, recognise when they do not feel safe and identify who they might or can talk to.

This may include covering relevant issues through Relationships Education and Relationships and Sex Education (also known as Sex and Relationship Education) and through Personal, Social, Health and Economic Education (PSHE).

The governing body will also ensure there is a comprehensive curriculum response to e-safety issues, enabling children and young people and their parents to learn about the risks of new technologies, communication and social media and how to use these responsibly.

Holbrook Academy will ensure that there are appropriate filters and monitoring systems in place to safeguard children and young people from potentially harmful and inappropriate online material.

7. Online Safety

The use of technology has become a significant component of many safeguarding issues, for example, technology often provides the platform that facilitates child sexual exploitation, radicalisation and sexual predation.

There are three categories of risk:

- Content: being exposed to illegal, inappropriate or harmful material, for example, pornography, fake news, racist or radical and extremist views;
- Contact: being exposed to harmful online interaction with other users, for example, commercial advertising as well as adults posing as children or young adults; and
- Conduct: personal online behaviour that increases the likelihood of, or causes, harm, for example, making, sending and receiving explicit images, or online bullying.

The governing body/proprietor has had due regard to the additional information and support set out in KCSiE and will ensure that the school has a whole school approach to online safety and has a clear policy on use of communications technology in school.

School staff can access resources, information and support as set out in Annex C of KCSiE.

8. Students with special educational needs and disabilities

We recognise that students with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

We offer extra pastoral support for students with SEN and disabilities. This includes:

- Key workers
- Frequent communication with parents
- Differentiated tasks that may require one to one or small group work.

9. Students with a social worker

Students may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health. The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a student has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

10. Looked-after and previously looked-after children

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children's social workers and relevant virtual school heads

We have appointed a designated teacher, Mr Anstee-Parry, who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with [statutory guidance](#).

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to

Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans

11. Procedures

If staff notice any indicators of abuse/neglect or signs that a child or young person may be experiencing a safeguarding issue they should record their concerns on a school recording green form for safeguarding concerns and pass it to the DSL without delay.

12. What to do if you are concerned.

If a child makes an allegation or disclosure of abuse against an adult or other child or young person, it is important that you:

- ◆ **Do** stay calm and listen carefully.
- ◆ **Do** reassure them that they have done the right thing in telling you.
- ◆ **Do not** investigate or ask leading questions.
- ◆ **Do** let them know that you will need to tell someone else.
- ◆ **Do not** promise to keep what they have told you a secret.
- ◆ **Do** inform your DSL/ADSL as soon as possible.
- ◆ **Do** make a record of the allegation, disclosure or incident via MyConcern.
- ◆ **Do not** include your opinion without stating it is your opinion.
- ◆ **Do** refer without delay.
- ◆ **Do** consider seeking support for yourself and discuss this with the DSL as dealing with a disclosure can be distressing.

When a record of a safeguarding concern is passed to the DSL, the DSL will record the time and date the record of concern was received via MyConcern. The DSL will assess the concern and, taking into account any other safeguarding information known about the child/young person, consider whether it suggests that the threshold of significant harm, or risk of significant harm, has been reached. If the DSL is unsure whether the threshold has been met they will contact the MASH Professional Consultation Line for advice (0345 606 1499). Where appropriate, the DSL will complete and submit the SSCB multi agency referral form (MARF) ([available on the SSCB website](#))¹.

Where the DSL believes that a child or young person may be at imminent and significant harm risk of harm they should call Customer First immediately and then complete the SSCB

¹ N.B. The exception to this process will be in those cases of known FGM where there is a mandatory requirement for the teacher to report directly to the police, although the DSL should also be made aware.

MARF within 24 hours to confirm the referral. In these circumstances, it is important that any consultation should not delay a referral to Customer First.

Where a safeguarding concern does not meet the threshold for completion of a MARF, the DSL should record how this decision has been reached and should consider whether additional needs of the child have been identified that might be met by a coordinated offer of early help.

School staff might be required to contribute to multi-agency plans to provide additional support to children. This might include attendance at child protection conferences or core group meetings. The school is committed to providing as much relevant up to date information about the child as possible, including submitting reports for child protection conference in advance of the meeting in accordance with SSCB procedures and timescales.

Where reasonably possible, the school is committed to obtaining more than one emergency contact number for each pupil.

School staff must ensure that they are aware of the procedure to follow when a child goes missing from education (*see Attendance policy*). Further information can be found in Appendix A.

13. Information sharing, record keeping and confidentiality

Information sharing is vital in identifying and tackling all forms of abuse.

As part of meeting a child's needs, the school understands that it is critical to recognise the importance of information sharing between professionals and local agencies and will contribute to multi-agency working in line with Working Together to Safeguard Children. Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. Whilst the Data Protection Act 1998 places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing where there are real safeguarding concerns.

Staff will have regard to the Government guidance: [Information sharing: advice for practitioners providing safeguarding services](#).

Well-kept records are essential to good child protection practice. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements, staff should discuss with the DSL.

The school will have regard to SCC [Guidance for schools on maintaining and transferring pupil safeguarding/child protection records](#).

The school recognises that confidentiality should be maintained in respect of all matters relating to child protection. Information on individual child protection cases may be shared by the DSL or alternate DSL with other relevant members of staff. This will be on a 'need to know' basis and where it is in the child's best interests to do so.

A member of staff **must never** guarantee confidentiality to anyone about a safeguarding concern (including parents / carers or pupils), or promise a child to keep a secret which might compromise the child's safety or wellbeing.

The school will always undertake to share its intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, staff will consult with the MASH Professional Consultation Line on this point.

If you are concerned that a member of staff or adult in a position of trust poses a danger to a child or young person or that they might be abusing a child or young person you should report your concerns to the Headteacher. Where those concerns relate to the Headteacher, however, this should be reported to the Chair of Governors using the school's Whistle blowing policy.

14. Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with students.

Staff will not take pictures or recordings of students on their personal phones or cameras.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school

See Acceptable Use Policy

15. Managing Allegations

We are aware of the possibility of allegations being made against members of staff or volunteers that are working or may come into contact with children and young people whilst in our school. Allegations can be made by children and young people or other concerned adults and are made for a variety of reasons.

The school will follow the SSCB [Arrangements for Managing Allegations of Abuse Against People Who Work With Children or Those Who Are in A Position of Trust](#) if an allegation is made against an adult in a position of trust.

An allegation is any information which indicates that a member of staff /volunteer may have:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates he/she may pose a risk of harm to children
- behaved or may have behaved in a way that indicates they may not be suitable to work with children

If an allegation is made against an adult in a position of trust whether they be members of staff or volunteers this should be brought to the immediate attention of the DSL who will advise the Headteacher. In the case of the allegation being made against the Headteacher

this will be brought to the immediate attention of the Chair of Governors and the Area Education Manager. The Headteacher/Chair of Governors must discuss with the Local Authority Designated Officer (LADO) the nature of the allegations in order for the appropriate action to be taken. In Suffolk this role is undertaken by the Area Safeguarding Manager. This will constitute an initial evaluation meeting or strategy discussion involving the LADO. Dependent on the allegation being made, Headteachers will need to:

- ◆ Refer to the LADO immediately and follow up in writing within 48 hours. Consider safeguarding arrangements of the child or young person to ensure they are away from the alleged abuser.
- ◆ Contact the parents or carers of the child/young person if advised to do so by the LADO.
- ◆ Consider the rights of the staff member for a fair and equal process of investigation.
- ◆ Ensure that the appropriate disciplinary procedures are followed including whether suspending a member of staff from work until the outcome of any investigation is deemed necessary.
- ◆ Act on any decision made in any strategy meeting or evaluation meeting.
- ◆ Advise the Independent Safeguarding Authority where a member of staff has been disciplined or dismissed as a result of the allegations being founded.

The corporate director for Health, Wellbeing and Children's Services, has identified dedicated staff to undertake the role of LADO. LADOs can be contacted via email on LADOCentral@suffolk.gcsx.gov.uk or by using the LADO central telephone number: **0300 123 2044** for allegations against all staff and volunteers (see Appendix C).

16. Training

The governing body will ensure that all staff receive appropriate safeguarding and child protection training which is regularly updated and in line with advice from SSCB. In addition, all staff members will receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

All new staff members will undergo safeguarding and child protection training at induction. This will include training on the school's safeguarding and child protection policy, the code of conduct/staff behaviour policy and the role of the designated safeguarding lead. Copies of the school's policies, procedures and Part One of KCSiE will be provided to new staff at induction.

The Headteacher will ensure that an accurate record of safeguarding training undertaken by all staff is maintained and updated regularly.

Our Designated Safeguarding Lead and Alternates will undertake further safeguarding training in addition to the whole school training. This will be undertaken at least every two years which updates their awareness and understanding of the impact of the wide agenda of safeguarding issues. This will support both the DSL/Alternates to be able to better undertake their role and support the school in ensuring our safeguarding arrangements are robust and achieving better outcomes for the students in our school. This includes taking part in multi-agency training in addition to safeguarding training.

Our Governing body will have access to safeguarding training and our Named Governor for Safeguarding will also undertake additional training at least every two years to support their

employer's role in Handling Allegations against adults who work with children and young people, including our staff and volunteers.

Our safeguarding arrangements are reported on a termly basis to our Governing body and our Safeguarding policy is reviewed annually, in order to keep it updated in line with local and national guidance/legislation.

Our Safeguarding Policy is available to parents on our school website and copies are available within the school. We are also able to arrange for our policy to be made available to parents whose first language is not English on request.

| Training Title | Duration | Frequency | Comment |
|---|-------------------------|-----------------------|--|
| Safeguarding introduction To be completed within 4 weeks of starting at the school. | 30 minutes | Once – on appointment | All staff are up to date. Evidence from previous employers requested for evidence of statutory safe guarding training. |
| Introduction to safeguarding | 2 hours | Annual | This is every year in line with the statutory Keeping Children Safe in Education guidance document, all staff will receive an introduction at the beginning of their time at the school and then updates yearly. |
| Safeguarding update | Termly training updates | Termly | Provided by DSL |
| DSL and alternates | 1 day | 2 Years | DSL: Mr G Anstee-Parry (June 2020) ADSLs : Miss S Crabtree (Autumn 2019) Ms S Keinzley (Autumn 2019) Mrs M Jackson (Autumn 2020) Mrs S Sheppard (Autumn 2020) |
| Training for Trainers accreditation training | ½ day | Yearly | Mr G Anstee-Parry |
| Named Governor & Chair of Governors Training | ½ day | 2 Years | Mrs H Caston – up to date with DSL and Alternate training and Safer Recruitment training. Chair – with other Governors |
| Governor safeguarding training | 2 hours | 3 Years | All Governors appointed prior to Autumn 2019 have received training. All Governors to attend specific FG2 Governor Safeguarding session. |
| E-safety leads training | ½ day & updates. | 2 Years | Mr P Hart is our E-Safety Lead, supported by Mr A Clarke as CEOP ambassador. All staff to be updated in an annual session, with regular updates when required. |

17. Whistleblowing

The governing body/proprietor recognises that children cannot be expected to raise concerns in an environment where staff fail to do so.

Whistleblowing is 'making a disclosure in the public interest' and occurs when a worker (or member of the wider school community) raises a concern about danger or illegality that affects others, for example, pupils in the school or members of the public.

All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions/inactions of colleagues, poor or unsafe practice and potential failures in the school's safeguarding arrangements.

The governing body/proprietor would wish for everyone in the school community to feel able to report any child protection/safeguarding concerns through existing procedures within school, including the whistleblowing procedure adopted by governors/proprietor where necessary. However, for members of staff who do not feel able to raise such concerns internally, there is a NSPCC whistleblowing helpline. Staff can call 0800 028 0285 (line available from 8.00am to 8.00pm, Monday to Friday) or email: help@nspcc.org.uk

18. Single Central Record

The single central record is a document we ensure is an accurate record of all the staff, volunteers and contractors who work at Holbrook Academy and the checks that we have carried out to ensure they are safe to work within our school. The single central record is the responsibility of the Headteacher's PA. The checks are carried out in accordance with the statutory guidance 'Keeping Children Safe in Education 2020'.

All maintained school governors have had a **section 128** checks carried out.

APPENDIX A

Further information on specific safeguarding issues (source: Annex A, KCSiE)

Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Child criminal exploitation

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Domestic abuse

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Older children may also experience domestic abuse and/or violence in their own personal relationships.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. The DSL will provide support according to the child's needs and update records about their circumstances.

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSLs & ASDLs will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

So-called 'honour-based' abuse (including FGM and forced marriage)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
 - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
 - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
 - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
 - Being unexpectedly absent from school
 - Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form

of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, ie we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmufco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

- **Radicalisation** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups
- **Extremism** is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces
- **Terrorism** is an action that:
 - Endangers or causes serious violence to a person/people;
 - Causes serious damage to property; or
 - Seriously interferes or disrupts an electronic system
 - The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period. Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Further information on the school's measures to prevent radicalisation are set out in other school policies and procedures, including

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff and, if appropriate, to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification. Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or

- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the session/day, we will:

- Contact parents/carers.
- Arrange for late bus to be used if possible.
- If impossible for the child to be collected two members of staff will transport the child home safely.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. See attendance policy.

Appendix B: Safer Recruitment and DBS checks – policy and procedures

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state

We will ask for written information about previous employment history and check that information is not contradictory or incomplete.

We will seek references on all short-listed candidates, including internal candidates, before interview, where appropriate. We will scrutinise these and resolve any concerns before confirming appointments. The references requested will ask specific questions about the suitability of the applicant to work with children.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in relevant conduct; or
- The individual has received a caution or conviction for a relevant offence, or there is reason to believe the individual has committed a listed relevant offence, under the Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009; or
- The 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment

Governors

All governors will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

The Chair of Governors will have their DBS check countersigned by the Secretary of State.

All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under section 128 of the Education and Skills Act 2008).
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Staff working in alternative provision settings

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Pupils staying with host families

Where the school makes arrangements for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people.

Where the school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.

Appendix C: Allegations of Abuse Made Against Staff

This section of this policy applies to all cases in which it is alleged that a current member of staff, including a supply teacher or volunteer, has:

- Behaved in a way that has harmed a child, or may have harmed a child, or
- Possibly committed a criminal offence against or related to a child, or
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school.

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)

- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the headteacher (or chair of governors where the headteacher is the subject of the allegation) – the ‘case manager’ – will take the following steps:

- Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children’s social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children’s social care services, where necessary). Where the police and/or children’s social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children’s social care services, as appropriate
- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children’s social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children’s social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or

carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice

- Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of
- If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the governing board will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as supply staff provided by an agency, we will take the actions below in addition to our standard procedures.

- We will not decide to stop using a supply teacher due to safeguarding concerns without finding out the facts and liaising with our local authority designated officer to determine a suitable outcome
- The governing board will discuss with the agency whether it is appropriate to suspend the supply teacher, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the local authority designated officer as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required. If they think that the individual has engaged in conduct that has harmed (or is likely to harm) a child, or if they think the person otherwise poses a risk of harm to a child, they must make a referral to the DBS.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the headteacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

“Safeguarding in Education is everybody’s business”.

Propriety & behaviour

“Teachers support the place of the school in the community and appreciate the importance of their own professional status in society. They recognise that professionalism involves using judgement over appropriate standards of personal behaviour”

Whistleblowing

See Whistleblowing Policy on Academy website.

Dress & appearance

“Staff should ensure they are dressed decently, safely & appropriately for the tasks they undertake” This means staff should wear clothing which...

- Promotes professional image
- Is appropriate for their role
- Is not likely to be viewed as offensive, revealing or sexually provocative.

Gifts

Staff are advised that they should...

- Ensure that gifts received or given in situations which may be misconstrued are declared.
- Only give gifts as part of the school’s reward system.

Infatuation

Staff are advised to...

- Report any indications (verbal, written or physical) to suggest a pupil may have an infatuation with them to a member of the SLT.

Physical contact

- There are occasions when it is appropriate and proper for staff to have physical contact with students, but it is crucial that they only do so in ways appropriate to their professional role.
- When physical contact is made with students this should be in response to their needs at the time, of limited duration, and appropriate given their age, stage of development, gender, ethnicity & background.

APPENDIX D : Safeguarding Referral Protocol

Following a disclosure of a Safeguarding nature, the following protocol will apply:-

1. Only the School's Designated Safeguarding Lead (DSL) or Alternate (ADSL) will conduct an interview with a student.
2. At all times, the DSL/ADSL must have an additional member of staff present during the interview.
3. MyConcern must be used to record the details of the disclosure. This must be completed following the procedures detailed. No leading questions must be asked.
4. Following the completion of MyConcern, the DSL/ADSL must discuss the matter with another DSL/ADSL to establish the procedure for making a referral and for contacting parents.
5. The Headteacher must be notified of the need for a referral. An email highlighting this will suffice.
6. Copies of notes and referrals must be attached as documents to MyConcern.
7. At all times, the established Suffolk Safeguarding Board Procedures for making referrals are the determining procedures.

APPENDIX E: Sexual violence and sexual harassment between children in schools

Context

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

Staff should be aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable,
- will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
- Challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risk normalising them

What is sexual violence and sexual harassment?

Sexual violence: It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003 as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent?

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, eg to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

Sexual harassment

When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Whilst not intended to be an exhaustive list, sexual harassment can include: sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names; sexual "jokes" or taunting; physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes (schools and colleges should be considering when any of this crosses a line into sexual violence – it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.

It may include:

- non-consensual sharing of sexual images and videos;
- sexualised online bullying;
- unwanted sexual comments and messages, including, on social media; and
- sexual exploitation; coercion and threats
- up-skirting

Upskirting

The Voyeurism (Offences) Act, which is commonly known as the Up-skirting Act, came into force on 12 April 2019. 'Up-skirting' is where someone takes a picture under a person's clothing (not necessarily a skirt) without their permission and or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender, can be a victim. The response to a report of sexual violence or sexual harassment The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report. If staff have a concern about a child or a child makes a report to them, they should follow the referral process as set out from paragraph 23 in Part 1 of KCSiE. As is always the case, if staff are in any doubt as to what to do they should speak to the designated safeguarding lead (or an alternate?).

The response to a report of sexual violence or sexual harassment

The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report. If staff have a concern about a child or a child makes a report to them, they should follow the referral process as set out from paragraph 41 in Part 1 of KCSiE. As is always the case, if staff are in any doubt as to what to do they should speak to the designated safeguarding lead (or an alternate).

Our Procedure and Action

The type of abuse will have a varying effect on the victim and initiator of the harm, so schools will follow simple steps to clarify the situation and establish the facts before deciding the consequences for those involved in perpetrating harm.

Staff understand it is necessary to gather the information as soon as possible to get the true facts around what has occurred before the child/ren has forgotten or been influenced. It is equally important to deal with it sensitively and think about the language used and its impact on both the children and the parents when they become involved. For example; we do not use the word perpetrator, this can quickly create a 'blame' culture and leave a child labelled. In all cases of peer on peer abuse, all staff deal with any incident, by talking to the child/ren and putting immediate support in place in a calm and consistent manner. All staff will ensure they are not prejudiced, judgemental, dismissive or irresponsible in dealing with such sensitive matters.

Gather the Facts

Speak to all the children involved separately, gain a statement of facts from them and use consistent language and open questions for each account. We do this by asking the child to explain what happened and we will ask open questions to gain clarity

Consider the Intent (begin to Risk Assess)

We consider if this has been a deliberate or contrived situation for a child to harm another.

Decide on the next step

If from the information that we gather we believe a child to be at risk of significant harm, we will make a safeguarding referral to social care immediately.

Inform parents/carers

We always seek to talk face to face with parents/carers. We recognise that the nature of the incident and the type of harm/abuse a child may be suffering can cause fear and anxiety to parents whether their child has been harmed or harmed another.

Information we consider when assessing risk and need for support

- What is the age of the child/ren involved?
- How old are the children involved in the incident and is there any age difference between those involved?
- Where did the incident or incidents take place?
- Was the incident in an open, visible place?
- If so was it observed?
- If not, is more supervision required within this particular area?
- Were the explanations by all children the same?
- Does each child give the same explanation of the incident and what is the effect on the child/ren involved?
- Is the incident regular and repeated?
- Is the version of one young person different from another? If so, why?
- Does each child understand the significance of what occurred? Does the child understand what they are doing? ie do they have knowledge of body parts, privacy

and inappropriate touches?

- Is the child's explanation related to something they may have heard, seen or been learning about? Is the behaviour deliberate and contrived?
- Does the child understand the impact of their behaviour on the other person?
- Has the behaviour been repeated to an individual or series of individuals on more than one occasion?

In dealing with an incident of this nature the answers are not always clear cut and, if necessary, we will seek advice from the MASH professional Consultation Line.

Next Steps

Once the outcome of the incident(s) has been established, it is necessary to ensure future incidents of abuse do not occur and consider the support and intervention required for those involved.

For the young person who has been harmed, the support required depends on the individual child.

- There may be a need for counselling or 1:1 support via a mentor
- Positive PSHE/SMSC curriculums that tackle such issues as prejudiced behaviour and give children an open forum to talk things through rather than look for opportunities to be harmful to one another.
- All staff are confident to talk about issues and challenge perceptions including use of inappropriate language and behaviour towards one another.
- Staff do not dismiss issues as 'banter' or 'growing up' and consider each issue and each individual in their own right before taking action.
- Schools signpost around the building the support that is available at all times.

Record Keeping

Records of any Peer on Peer abuse cases will be kept on a child's safeguarding file – copies will be made and held on the record of each child as required.
