18<sup>th</sup> August 2021

Dear Parent / Carer,

## PE Changing Rooms

We are pleased to be able to advise you that over the Summer holiday, work has been completed to enable the PE changing rooms to be used when students return to school. This means that when students have PE lessons, they will change into PE kit for the lesson only, and be in their uniform at all other times.

In each of the changing rooms, an Airsteril unit is being installed high up on the walls. These units draw in the air in the room into a purification chamber, cleanse the air and then expel the clean air back into the room. The units use five techniques proven to kill up to 98.11% of bacteria and viruses. The Airsteril units will be in addition to our established cleaning routines. Further details of the Airsteril unit are shown on the attached sheet.

If you have any queries, please do not hesitate to contact the Academy on [parents@holbrookacademy.org](mailto:parents@holbrookacademy.org)
