

Open Events

September 2021

Holbrook Academy has decided to adapt our Open Evening event to a series of intimate and personalised tours of our school. Alongside a virtual introductory speech by the Headteacher, Mr Maltby, and a virtual tour of the school by our students, the Academy is increasing the number of opportunities for parents and students alike to tour our school in small groups. We believe that this is the best way to keep our community safe and to ensure you get a feel for the personalised approach that characterises Holbrook Academy. Our tours will include meeting the Headteacher and Deputy Headteacher, talking with our students and getting a feel for the Academy on an ordinary school day. We want to share and promote the daily experience of being part of our wonderful learning community; we do hope you will join us.

Our virtual presentations will go live on our website on Friday 24th September and open morning tours will commence from Monday 27th September to Friday 1st October; additional slots will be available after school hours for those who are unable to attend during the school day. We will also ensure that you have an early opportunity to meet with our SENCo should you request to do so as part of these tour experiences.

To book a place, please complete the online booking form [here](#)

We look forward to welcoming you to Holbrook Academy.
