

## Message from Mr Maltby

8<sup>th</sup> October 2021

Good morning,

I am attaching to my weekly communication, and for your kind attention, a copy of a letter from Suffolk County Council regarding further local actions to break the chain of transmission of Covid-19 and protect all educational settings from outbreaks. This letter includes important information regarding new control measures which are being recommended throughout Suffolk. Alongside this letter, I also want to continue to encourage the routine use of lateral flow tests at home.

Secondly, I would very much welcome your support in enhancing our alumni programme at Holbrook. We have recently had ex-students recording messages to share with our current students and these have proven to be a powerful approach in raising aspirations for all. I would also very much like to arrange an alumni reunion ahead of Christmas this year. So, if you are able to encourage an ex-student to contact us - or indeed if you yourself used to be a student at Holbrook - then do please click on the link below :-

Finally, last week I mentioned that Mr Woods would be running the London Marathon. I am delighted to update you that he did indeed complete the race - in an impressive time of 3 hours 28 minutes. We all send our congratulations on this great accomplishment.

I wish you all a good weekend,

Tom Maltby  
Headteacher
